## FEDERAL AND STATE SATISFACTORY ACADEMIC PROGRESS: WAIVER REQUEST INSTRUCTIONS

---

### **DEADLINE: Federal Waivers must be submitted by 5pm on the first day of the semester!**

**Tuition liability will incur on the first day of classes and the student will be responsible for any balance due**

**Waivers received after these dates will be reviewed for the following semester.**

Waivers are **not** granted automatically to allow a student another semester of financial aid eligibility. Waivers are intended only to accommodate extraordinary or unusual circumstances. The waivers will be granted only when there is a reasonable expectation that the student will meet future requirements.

➤ **Some examples of Acceptable Waiver Requests:**

- (1) Death or serious illness of an immediate family member.
- (2) Prolonged hospitalization or confinement at home that resulted in required extended absences from classes.
- (3) A one-time unusual situation that impacted your ability to continue your education or affected your academic success for a short, specified period.
- (4) Involuntary call to active military duty.
- (5) Victim of documented domestic violence.
- (6) Shown significant academic improvement.

➤ **Some examples of Unacceptable Waiver Requests:**

- (1) Problems adjusting to work and school.
- (2) Childcare or daycare problems.
- (3) Problems with on line or independent learning classes.
- (4) Medical appeals for long-term or chronic conditions that were known and existed before financial aid was accepted and received.
- (5) Any reason for which you have previously filed an appeal.

### **IMPORTANT WAIVER INFORMATION**

- Students are limited to one Satisfactory Academic Progress Waiver. Additional waivers are granted by the committee in rare cases to a student who has regained their good academic standing and experiences another situation beyond their control that disrupts their academic program. The State of New York only allows one waiver to be granted to a student during their academic lifetime who receives TAP regardless of the reason.
- **Waiver requests will be reviewed approximately two weeks before the beginning of each semester and the decision of the committee is FINAL.** Notification of the committee's decision will be sent through the myCayuga financial aid messages.
- Waivers will **not** be reviewed if (1) the student owes a balance to Cayuga Community College for a previous term, (2) has a College hold for financial, academic, or judicial reasons, or (3) has been academically dismissed by the College. Students must resolve these issues before the committee will review their waiver request.
- You must complete Sections I and II of the Waiver Form. Only students who are requesting a waiver for a medical reason are required to have their medical provider complete the Authorization for Release of Health Records Form.
- Waivers submitted without proper supporting documentation lessens the chance of the waiver being approved. Supporting documentation must coincide with the time period in which the academic deficit(s) occurred. **Students must realize that by the time they are requesting a waiver, they have already had two semesters of poor academic performance.**
- The Satisfactory Academic Progress requirements for both Federal and State aid are described in detail in your College catalog under the Financial Aid Section.
