Clery Crimes - Definitions 64

Dear Students, Colleagues, and Members of the Community:

On behalf of Cayuga Community College, thank you for sharing our concern for campus safety and security. Enclosed herein please find the college’s annual security report pursuant to the Jeanne S. Clery Act and amendments. At Cayuga, our foremost concern is the safety and well-being of students, faculty, staff and visitors. The Office of Public Safety is dedicated to advance the safety, security, and quality of life within our community.

Cayuga Community College has nearly 4,000 students attending both the Auburn Campus located at 197 Franklin Street in Auburn, New York a city in Cayuga County and the Fulton campus located at 11 River Glen Drive in Fulton, New York a city in Oswego County.

The Office of Public Safety is staffed by a team of 10 professional law enforcement officers. All members of the Department routinely visit offices, conduct security related surveys, security escorts and inspections of campus facilities to promote safety.

While the College has robust policies and procedures designed to maximize the safety of students and their possessions, it is imperative that students, faculty, and staff take responsibility for their own safety by taking simple, common sense precautions, and by reporting information about a crime or emergency to the Office of Public Safety.

Cayuga Community College’s Office of Public Safety strives to promote and maintain a campus environment conducive to safety and academic success. A truly safe campus can only be achieved through the cooperation of the entire campus community. With that mutual cooperation, participation and commitment, we are confident we will continue to be one of the safest community colleges in New York State.

Sincerely,

Douglas A. Kinney
Director of Facilities Services and Public Safety/Chief of Campus Police
Cayuga Community College

Cayuga Community College's Response to the Covid-19 Pandemic

Cayuga Community College Plan, Fall 2022

Cayuga Community College is committed to the health and safety of its students and employees. Throughout the COVID-19 pandemic, College officials swiftly implemented safety guidelines based on guidance from the SUNY, New York State and local health officials. This approach prioritized student and employee safety without compromising the students' academic experience and progress.

From the Spring 2020 semester through the 2020-2021 academic year, Cayuga successfully transitioned courses and activities to a primarily virtual environment to protect its campus community while continuing to offer a robust educational experience for students. The College adhered to SUNY and New York State guidelines and enacted a series of rigorous safety protocols, including COVID-19 testing and mandatory facial coverings. These measures assisted the College as it gradually reintroduced in-person courses and employees returned to campus in the Fall 2020 and Spring 2021 semesters.

For the Fall 2022 semester, Cayuga will increase its on-campus course offerings and allow in-person activities, provided certain conditions are satisfied, to allow students an exciting collegiate experience and engaging environment. Students will have the option of selecting the academic platform for courses and support services that best matches their learning preference. Cayuga will also continue abiding by the health guidelines from SUNY, New York State and local health officials to best protect its campus community.

Cayuga's plan for the Fall 2022 semester gives students the freedom to engage in a fulfilling collegiate atmosphere that meets their academic and social expectations, while also protecting them by adhering to appropriate health measures.

Fall semester

- Cayuga's Fall 2022 semester begins Monday, August 29, and concludes Friday, December 16.

Course Formats for Fall 2022

- Cayuga will increase its in-person course offerings, though most courses will remain in a virtual format.
- Aside from in-person courses, additional formats include traditional online, live online (real time), and hybrid options that combine in-person with traditional online or live online.
- The variety of course offerings allows students to select formats that match their academic and environmental preferences.

- Classroom social distancing for students and faculty will be three (3) feet, with facial coverings required for all individuals.

COVID-19 Vaccinations

- Cayuga encourages students and employees to be vaccinated against COVID-19.
- Employees can submit voluntary proof of vaccination via an internal online form.
- On-campus employees and full-time faculty whose vaccination is verified through an internal process must participate in COVID-19 testing the week of August 30. Following that week, these individuals must participate in COVID-19 testing every other week.
- Vaccination is not required for employees.
- Students were notified on Monday, August 23, that if they planned to access campus for any reason they must be vaccinated against COVID-19 by Monday, September 27, and submit that information to the College by the same deadline.
- Students who fail to meet that deadline and are not granted an exemption will be deregistered from in-person classes, restricted from campus and held responsible for any and all outstanding tuition and other fees. Where possible, they will be able to switch to online courses.
- Students can request information regarding medical or religious exemptions.
- Students who do not intend to access campus are required to sign an affidavit stating they will not access campus. If their situation changes and they need to access campus, they will be required to submit their vaccination information.
- Employees and students are considered fully vaccinated two weeks after receiving the second dose of a two-dose series or two weeks after receiving a single-dose vaccine.
- If FDA vaccine approval occurs during the Fall 2021 semester, students will have a limited opportunity to become fully vaccinated before being restricted from campus.
- Cayuga will consider requests for an exemption from required vaccinations. These exemption requests will be considered by a review board comprised of College officials. More information about this process and how to file an exemption request will be shared with students.

Athletics

- Students competing in Athletics will be required to show proof of full vaccination before beginning pre-season activities.

Prior to Accessing Campus

- Before accessing campus, unvaccinated students and students whose proof of vaccination has not been verified must:
 - Provide proof of a positive COVID-19 test taken in the previous 90 days; OR
 - Participate in weekly on-campus COVID-19 testing, starting the week of August 23.

Facial Coverings

- All individuals, regardless of vaccination status, are required to wear facial coverings for 5 days if they are known to be exposed to COVID-19.

COVID-19 Testing

- Weekly testing is no longer required. This is subject to change based on Centers for Disease Control, State University of New York, and/or NYS/County Health Department guidance.

Additional Safety Measures

- Employees and students are asked to self-monitor daily for COVID-19 symptoms before accessing campus. Any employee or student who is exhibiting symptoms is restricted from accessing campus.
- Optional temperature screening is available at the main entrance at the Auburn and Fulton campuses.
- In-person meeting attendance is limited to fewer than 10 people. Requests for exceptions should be directed to the President's Office.
- Appropriate hand hygiene, social distancing and respiratory etiquette is encouraged.

College Events

- Requests for on- or off-campus events will be considered on a case-by-case basis, with the focus on the health and safety of the campus community.
- [As part of an approval process, employees are asked to fill out a College event form, which will be reviewed by the College's COVID-19 Response Team.](#)
- Off-campus College events will be required to abide by the COVID-19 health guidelines of the hosting entity.

Campus Safety Monitor

- Cayuga's COVID-19 Administrator will serve as the Campus Safety Monitor.

About the Clery Act

The Jeanne S. Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery) is a federal law originally passed in 1990 that amends the Higher Education Act of 1965. The original act and several subsequent amendments require institutions of higher education to take certain steps to enhance safety on campus and to notify campus constituents of safety and security conditions on campus. The Clery Act requires that every college:

- Publish an annual report no later than October 1 of each year that contains three years of campus crime statistics as well as description of specified safety and security related policies. * Note: The October Deadline was modified for 2020 due to the Covid-19 Pandemic
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and specified non-campus facilities operated by the College. Statistics must be gathered from campus law enforcement and relevant community law enforcement agencies, as well as specified campus officials who work in roles where they might encounter reports of criminal activity.
- Provide “timely warning” of specified crimes that occur on campus or nearby where the nature of the crime poses an ongoing threat to the campus community.
- Maintain and disclose upon request a log of any crime that occurs on campus or within the patrol area of campus police.
- Disclose any formal agreements with state and/or local law enforcement agencies.

Preparing and Reporting the Annual Disclosure of Crime Statistics

The Director of Public Safety prepares this report to comply with the Clery Act. This report is prepared in cooperation with local law enforcement agencies as well as the Student Engagement, and various other departments and offices. Statistics are compiled in accordance with the Uniform Crime Reporting System of the Department of Justice and the Federal Bureau of Investigation. Campus crime, arrest and referral statistics include those reported to Campus Safety Authorities (CSA’s) as well as those reported directly to the Office of Public Safety. Crimes are reported that occur on campus, on locations that are contiguous to the campus, and buildings or properties that are either owned or controlled by a campus affiliated entity, including officially recognized student organizations.

Campus policy encourages every member of the campus community to report a crime promptly to The Office of Public Safety or a CSA. The College informs victim/survivors of the college’s voluntary confidential reporting procedures in the event a person does not want to pursue action either within the federal or state criminal justice system or within the college’s discipline system. A procedure is in place to capture crimes statistics which are disclosed anonymously to Public Safety

On October 1st of each year, an e-mail notification is sent to all enrolled students, faculty and staff. The communication provides web site information to access this report. Copies of the report may also be obtained at the Campus Police Office located at Room M210 at the Auburn Campus or Room F-136 at the Fulton Campus. Anyone, including prospective students and prospective employees, may obtain a copy by calling Campus Police at (315) 255-1743 (Auburn) or (315) 593-9367 (Fulton) or visiting the college’s website at: <https://www.cayuga-cc.edu/wp-content/uploads/sites/18/2018/10/right-to-know.pdf>

Of note, the Clery Act may define a particular crime differently than the New York State Penal Code. For the purposes of this Report, the college uses the Clery Act definitions for all crimes. Please see the section for the College's crime statistics for the definitions.

Cayuga Community College's Office of Public Safety: Mission, Authority and Relationship to Local Law Enforcement Agencies

Mission:

A campus community is a special place, its dual mission of teaching and learning is aimed essentially at human development. Campuses have a long and valued tradition of openness with a maximum degree of freedom of expression and inquiry and a minimum of restriction. Developing a safe and secure environment where the quality of education may be achieved is the responsibility of the entire campus community. Within the campus community, the Office of Public Safety is committed to the leadership role in developing programs, methods and approaches to assist the college toward achieving a reasonably safe and secure environment. The Office of Public Safety exists to support the goals of the college and to assist those who seek and impart knowledge, as well as those who provide support to the mission of the institution. The Office of Public Safety strives to provide an environment where diverse social culture and academic values may prosper and grow. All members of the Office of Public Safety are expected to be sensitive to the unique nature of the college community and realize that they serve to assist the institution in the achievement of our goals. It is only through our collective efforts that our mission will be accomplished.

Authority:

The Office of Public Safety consists of 12 armed and sworn law enforcement professionals who, through extensive training have gained Police Officer or Peace Officer status with New York State's Department of Criminal Justice Services (DCJS) with powers of arrest, search and seizure as defined in New York State Procedural law. As part of their policing authority, they also have the authority to take into custody and transport, in accordance with the NYS Mental Hygiene Law, a person likely to be a danger to their self or others, conduct a temporary detention and emergency search for a weapon, and accept possession of lost property. Officers employed by the Office of Public Safety have complete authority to apprehend and arrest anyone involved in illegal acts on campus and areas immediately adjacent to the campus, as well as any College operated facility. If offenses involving violations of the Student Code of Conduct occur, Public Safety officers may also refer the individual to the College's Office of Student Engagement.

Relationship with Local law Enforcement Agencies:

By mutual agreement (MOU) with the City of Auburn Police Department and the City of Fulton Police Department, the Office of Public Safety will cooperate in the investigation of any Violent Felony Offence that has occurred on campus. A Violent Felony offence is defined in Section 70.02(1) of the Penal Law of the State of New York. The Office of Public Safety works closely with local, state and federal police agencies and has direct radio communication with all law enforcement agencies in Cayuga and Oswego

Counties. Additionally, the Office of Public Safety also has direct communication with County 911 Emergency Systems in both Cayuga and Oswego Counties. Any criminal activity engaged in by students at off campus locations is monitored and recorded by local law enforcement agencies and provided to the Office of Public Safety and the Office of Student Engagement.

Campus Building Security and Access

Cayuga Community College has established policies and procedures regarding facilities access, lockout re-admittance, and control over keys, lock combinations and other access control devices. During business hours, the College will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours, access to all college facilities is limited by key, or by admittance via the staff of the Office of Public Safety. Campus employees with assigned offices are issued keys. They are responsible for reporting missing and stolen keys. Specific buildings may adopt different procedures or hours of operations for approved and designated special uses (e.g., late night student activities, special events, ad hoc classes). The public is encouraged to attend cultural, athletic and other activities on campus with access limited to the facilities in which the events take place. The Director of Public Safety routinely reviews plans for landscaping, lighting, alarms, signage, and other facilities issues for security issues. At night and during periods of time when classes are not in session; college buildings are generally locked.

Access to campus facilities is a privilege extended to students, faculty, staff and guests for duly authorized purposes. Campus Police Officers may request that any individual on College property without authorization, or who is unable to provide appropriate identification, leave the premises or be subject to prosecution for criminal trespass. Supervisors are responsible for determining who is to receive a key and for maintaining an accurate and up-to-date record of all individuals to whom they have issued keys to.

Maintenance of Campus Facilities

The Office of Public Safety works closely with the Facilities Department to maintain a secure and safe campus. Both departments immediately report and correct building maintenance issues such as:

- Broken locks
- Lost, stolen or unreturned keys
- Malfunctioning doors
- Malfunctioning emergency exit lights
- Malfunctioning emergency lights
- Malfunctioning emergency communications systems
- Malfunctioning lights in campus parking lots and in campus buildings
- Life Safety devices which have failed inspection such as: sprinkler gauges, sprinkler heads, fire extinguishers.

Cayuga Community College's Fulton campus is equipped with a state of the art video surveillance system. The Video Surveillance System supports the college's safety and security efforts.

The system includes cameras that are placed inside campus facilities and areas which allow for surveillance of exterior areas on campus.

The video surveillance system on both campuses records and stores video for a specified period of time allowing the Office of Public Safety to view video footage recorded by the system.

Video cameras are not monitored by Public Safety Officers on a 24 hour basis. Therefore, while the camera system supports ongoing safety and security efforts, they are not a guarantee of personal safety.

Cayuga Community College's Auburn campus is equipped with video surveillance with recording capability. Additionally, Auburn's cameras are monitored by Public Safety. The video camera system is not constantly monitored by Public Safety but is recorded for a specified person of time.

Campus Personal Safety Committee

Recognizing the serious statewide and national problem that exists in assuring college student's safety on the campuses they attend, particularly for women, a Personal Safety Committee was formed in 1991 and was given a specific charge.

The Personal Safety Committee reviews policies with regard to sexual assault; reviews and suggests improvement in the safety education programs; assesses availability of counseling services for crime victims; reviews victim referral and campus response procedures for sexual assault situations; and continues ongoing assessment for the quality of campus personal safety policies, practices, procedures, and programs. Since 1991 the committee has also become the venue for staff and students to present concerns regarding other campus safety issues, including environmental concerns, smoking policies, and other physical safety concerns. The committee meets at least once a year and forwards a report annually to the College President.

The president of the Student Government Organization, the Chair of the Safety Committee and the Director of Public Safety/Chief submit nominations for the membership to the Personal Safety committee. The President of the College makes the final appointments. The committee is comprised of equal numbers of students, faculty, and staff; the committee is at least 50% female.

Students or employees may bring concerns or complaints to the attention of the committee by contacting the Director of Student Engagement or any other committee member, including the Director of Public Safety/Chief.

Environmental Health and Safety Committee

The Cayuga Community College Environmental Health and Safety Committee serves to create a safe and healthy environment for the Campus Community. The Safety Committee helps facilitate the management of environmental health, and safety risks, and responds to environmental, health and safety issues by monitoring the program and recommending corrective actions and interventions when necessary.

In June of 2020, the college was inspected by the NYS Department of Environmental Conservation to review college policies and practices. The inspection found that the College was in complete compliance with current NYS laws and regulations.

Cayuga's Ex-Offender Policy:

Cayuga Community College adheres to the SUNY Policies regarding the admission of students with prior felony convictions. Cayuga informs students and prospective students that a prior felony conviction may hinder their ability to enroll in a course or complete the requirements of a certain academic program and/or meet the criteria for licensure required by certain professions.

College Policy on Campus Conduct and Public Order

Cayuga Community College does not permit any action or situation, which recklessly or intentionally endangers mental or physical health or involves the forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization. This policy governs the conduct of students, faculty and staff, as well as visitors and other licensees and invitees on the campus or college property.

Violations of this policy may result in an arrest, and violators will be held to the conduct process consistent to their relationship with the College. Student Violators will be subject to the conduct process outlined in the Student Handbook; employee violators will be subject to the disciplinary process of the relevant contract or employment agreement; invitee violators, including licensees, may be escorted from and barred from the campus. Campus organizations that violate this policy will face disciplinary action, including the possibility of rescission of permission for that organization to operate on campus property.

Crime Reporting

All members of the campus community are urged to promptly report criminal incidents to the Office of Public Safety. All emergencies and suspicious activity should be reported to the Office of Public Safety in order to maintain a safe and secure campus community. If you feel you are the victim of a crime or have witnessed a crime, you may contact Campus Police by dialing “0” from any campus telephone. If you are reporting an emergency, you may also utilize the emergency red phones located throughout the campus or the intercoms located in the 2nd and 3rd floor stairwells of the Technical Building. Upon receipt of a call, Campus Police Officers are dispatched to your location and will assist victims and witnesses and conduct a comprehensive investigation into the matter. If as a result of that investigation the Office of Public Safety will, if it is determined that by doing so, it is necessary for the safety of the campus community, make an arrest and provide support services to both victims and witnesses.

The Office of Public Safety also maintains a daily log of crimes and incidents that occur on campus that is available for the public to view. This information is recorded by date, time, and general location. This daily log is available at the Campus Police Office, at either campus.

While most events are logged, the Office of Public Safety may determine that an incident be classified as “confidential” in order not to jeopardize a criminal investigation or the identity of a victim.

Voluntary Confidential Reporting Procedures

The Office of Public Safety encourages anyone who is a victim of a crime or witness to any crime to promptly report the incident to Campus Police. Because police records are public records under state law, the Office of Public Safety cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other Cayuga Community College campus security authorities. Victims of a crime who do not wish to pursue action within the College disciplinary system, or the criminal justice system, may still choose to file a confidential report.

With the individual's permission, the Director of Public Safety/Chief or a designee can file a report that documents the details of the incident without revealing the victim/survivors identity.

The purpose of the confidential report is to comply with the individual's wish to keep the matter confidential, while taking steps to ensure the future safety of all members of the campus community.

With such information, the College can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger.

Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

Confidential reports, including those involving Sexual Assault, Domestic Violence, Dating Violence and Stalking can be emailed to the Director of Public Safety/Chief at: doug.kinney@cayuga-cc.edu

Confidential reports can also be reported to:

- The Centers for Student Engagement and Academic Advisement, ext. 3094
- Health Office, ext.3008
- Office of Academic and Student Affairs, ext. 3007

Campus Security Authorities

The college has designated certain administrators and staff as "campus security

authorities” in recognition that many students, faculty and staff may be hesitant about reporting crimes to the Office of Public Safety, and may be more inclined to report incidents to non-law enforcement administrators and staff instead.

Campus Security Authorities are charged with reporting to the appropriate law enforcement personnel, either Campus Police or local police, or to any official or office which should be informed of the crime or complaint due to the nature of the crime or complaint, those allegations of Clery Act crimes that the campus security authority concludes are made in good faith. A campus security authority is not responsible for determining whether a crime took place, as that is the function of law enforcement and its investigatory process.

A Campus Security Authority is required to report all allegations to law enforcement personnel, even if the Campus Security Authority was told of a crime in the context of providing emotional support or health care support. The allegations will be reported whether or not the victim chooses to file a report with law enforcement or press charges. A Campus Security Authority may also provide a victim or witness with assistance in reporting a crime to Campus Police or local police, or to any official or office which should be informed of the crime or complaint.

Campus Security Authorities are designated by their job function. The following criteria is used to determine who, on campus has been given the designation of a Campus Security Authority:

- A campus police department or a campus security department of the college
- Any individual or individuals who have responsibility for campus security but do not constitute a member of a campus police department or a campus security department who has the responsibility for monitoring entrance into institutional property.
- Any individual or organization specified in an institutions statement of campus security policy as an individual or organization to which students and employees should report criminal offences.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings.

Each year, the Director of Public Safety identifies individuals who fit within the above noted criteria. The Director of Public Safety notifies them that they have been designated as a Campus Security Authority. Each individual given the designation as a Campus Security Authority is required to complete a training module which outlines their responsibilities as a Campus Security Authority. Additionally, each Campus Security Authority is supplied with confidential reporting forms for use when a victim/survivor wishes to report a crime in confidence and victim services notices which can be used to direct victim/survivor’s to appropriate services.

Confidential Reporting Policy for Pastoral and Mental Health Counselors Pastoral counselors and mental health counselors at the institution are not Campus Security Authorities, and are therefore exempt from disclosing or reporting allegations of crimes. However, the counselor must be acting in their professional role for the exemption to

apply. Pastoral and mental health counselors are trained in the procedures for reporting crimes confidentially. The college encourages all professional counselors to inform their clients of the procedures in accordance with their professional judgment, given the individual victim and circumstances before them.

- **Pastoral Counselors:** A person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.
- **Professional Counselor:** A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of the counselor's license or certification.

Depending on the circumstances of the potential threat, timely warnings may be communicated by several means, including: e-mail, the RAVE Alert System, text messages, CCTV, campus electronic bulletin boards, and fliers.

Cayuga may, in appropriate circumstances, include personally identifiable information in a timely warning. Although personally identifiable information is generally protected from disclosure under FERPA, such information may be released in an emergency situation.

Timely Warnings are issued by the Director of Public Safety who, according to college policy, does not need prior approval from College administration.

Records of all Timely Warning notices are kept in the office of the Director of Public Safety

Emergency Notifications

Emergency notifications shall be issued when a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurs on the campus or in the immediate area adjacent to campus. As appropriate, emergency notifications may be targeted at only a segment or segments of the campus community that is at risk. Emergency notifications will be issued without delay unless doing so would compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The Director of Public Safety/Chief, or in his/her absence the on duty Lieutenant of the Office of Public Safety shall, without delay, confirm if a particular situation merits a warning or notification and determine the content of that notification or warning and to determine which segment or segments of the campus community to receive the notification.

If, in the professional judgment of the Office of Public Safety, by sending an emergency notification to the campus community it will compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, such a message will not be initiated.

The emergency notification will include information describing the situation and precautionary measures, such as evacuations and shelter in place to be taken by the campus community. Emergency Notifications will be initiated promptly and with a primary focus on the safety of all campus constituents.

The Office of Public Safety will use the below noted means by which to notify the campus community

College Evacuation Procedures and Evacuation Testing

Each semester unannounced evacuation drills are conducted in each building on campus. The evacuation drills are conducted with the assistance of Campus Police Officers and the local Fire Department.

The purpose of the evacuation drills is to test emergency response and evacuation procedures in each campus facility. By conducting surprise evacuation drills students and staff are reminded of the locations of emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility.

Evacuation procedure guides are posted at each exit and near fire alarm pull stations in each campus building.

The Office of Public Safety works closely with Fire, Police and Local Emergency Medical Services and other emergency responders to ensure the appropriate immediate response and evacuation procedures are completed during a fire or related emergency impacts our campus community.

Each semester, the Office of Public Safety emails emergency response procedures to all faculty and staff. Additionally, those procedures are posted in high traffic areas on each campus to allow the campus community to familiarize themselves with those emergency procedures.

Criminal Activity: Off Campus

While Cayuga Community College does **not** have any recognized student organizations that are located off-campus, the College does support local law enforcement in responding to instances of student criminal behavior off campus. When a Cayuga Community College student is involved in an off-campus offence, Campus Police Officers may assist with the investigation in cooperation with local, state, or federal law enforcement. Cayuga and Oswego County police agencies routinely work and communicate with campus authorities to address serious incidents occurring in the immediate neighborhood and business areas surrounding or near campus. While local law enforcement agencies have primary jurisdiction in all areas off campus, Cayuga Community College Campus Police Officers can and do respond to student-related incidents that occur in close proximity to campus. Officers have direct radio communications with all Cayuga and Oswego County police agencies, fire departments and ambulance services to facilitate rapid response in any emergency situation.

The college receives a “Daily Arrest Log” via email from local law enforcement agencies which allows the College to identify students and staff of concern who may have come into contact with outside police agencies off campus.

Missing Students:

Cayuga Community College has agreements with local police agencies designed to facilitate an immediate and comprehensive investigation into a report of a missing Cayuga Community College student. Those agreements state: “Missing Student or Missing Person, means any student of Cayuga Community College subject to provisions of Section 355 (17) of the New York State Education law. Cayuga Community College does not operate residence halls. Therefore, any and all persons reported missing to the Cayuga Community College Office of Public Safety will be reported to the appropriate local police agency”.

Any member of the Cayuga Community College Campus community who has knowledge of any student who has been missing for 24 hours must report it to the Office of Public Safety at (315) 294-8461 in Auburn and (315) 593-9367 in Fulton. The Office of Public Safety will immediately contact the appropriate local police agency to begin an

investigation into the whereabouts of that student.

Policy on Drugs, Alcohol and Weapons Possession:

Cayuga is committed to the development and maintenance of a drug-free environment. The College will not tolerate the unlawful possession, use, manufacture, distribution or dispensation of any controlled substance (drugs or alcohol) on College owned or controlled property. This policy is in accordance with the Drug Free School and Communities Act Amendments of 1989 (Public Law 101-226) and Section 120(a) of the HEA .

Alcohol Policy and Substance Abuse

The use and possession of alcoholic beverages are not permitted on any and all locations operated by the College for employees, students, and visitors, except for an occasion expressly sponsored as such by the President’s office and conforming to the following conditions:

1. Participation is limited to persons specifically identified and approved by the President’s Office.
2. The serving of alcohol is covered by host liquor liability insurance, done by duly qualified and bonded personnel, and strictly limited to a designated location.
3. The occasion is not under either the direct or indirect auspices of a student or student affiliated organization.

Use, distribution or possession of illegal substances is not permitted on campus. Such use, distribution or possession is a violation of College regulations and is subject to action by the Faculty/Staff Student Conduct Board.

Alcohol and Substance Abuse Information

Prevention Programs:

The College has developed a program to address the illicit use of drugs and the abuse of alcohol by students and employees. The program provides services related to drug use and abuse including dissemination of informational materials, educational programs, counseling services, referrals and college disciplinary actions.

The Alcohol and Other Drugs Committee provides an overall coordination of the Drug-Free School Program. However, many services are the responsibility of other areas of the institution. These include:

Alcohol and Drug Education: College Health Services, Employee Assistance Program, College Health Class.

Counseling Services: Student Engagement Counselors, College Nurse, Employee Assistance Program.

Referral Services: Student Engagement Counselors, College Nurse, Employee Assistance Program.

College Disciplinary Actions: Faculty/Student Conduct Hearing Board.

Local, State & Federal Legal Sanctions

Legal Sanctions – Laws Governing Alcohol

The State of New York sets 21 as the minimum age to purchase or possess any alcoholic beverage. Specific ordinances regarding violations of alcohol laws, including driving while intoxicated, are available from the Office of Public Safety. Effective January 1, 1990, a package of state laws was passed regarding alcohol. They include the following:

1. Persons under age 21 found possessing alcohol may be given a maximum fine of \$50.
2. Anyone convicted of fraudulently using a driver's license to buy or attempt to buy alcohol may have his/her driver's license suspended for up to 90 days.
3. Persons convicted of buying alcohol through fraudulent means face a possible \$100 fine and/or being required to do up to 30 hours of community service work.

A violation of any law regarding alcohol is also a violation of the College's Student Code of Conduct and will be treated as a separate disciplinary matter by the College.

Controlled Substance Offenses

Criminal possession, sale, or use of drugs is covered in articles 220 and 221 of the New York State Penal Law. The seriousness of the offense and penalty imposed upon conviction depend upon the individual drug and amount held or sold, ranging from a minimum of 15 days and \$250 fine for a violation to a maximum of \$100,000 fine and life imprisonment for a class A felony. It is important to be aware that under Penal Law, a gift of drugs is treated as a sale.

A violation of any law regarding drugs is also a violation of the Cayuga Community College Student Code of Conduct and will be treated as a separate disciplinary matter by the College. Detailed information regarding the penalties for illegal possession and distribution of drugs is available from the Office of Public Safety.

Health Risks

As part of an effort to create a drug free campus, Cayuga believes that the College community should be educated about the physical and emotional health hazards presented by the misuse of drugs and alcohol. The College provides information and educational programs throughout the year to students, faculty, and staff. Listed below are some of the health risks associated with using/abusing alcohol and various drugs. Please note that the dangers associated with substance abuse are not limited to the conditions listed below:

Alcohol: Heart and liver damage, brain damage; death from overdose and accidents	Depressants: Infections, addiction, loss of appetite, death from overdose, and severe interaction with alcohol
Marijuana/Hashish: Impaired memory perception, interference with psychological maturation, possible damage to lungs and heart, psychological dependence	Narcotics: Addiction with severe withdrawal symptoms, loss of appetite, death from overdose
Cocaine: Intense psychological dependence, sleeplessness and anxiety, nasal passage damage, lung damage, and death from overdose	Hallucinogens: Anxiety, depression, impaired memory, emotional breakdown, death from overdose
Stimulants: Loss of appetite, hallucinations, paranoia, convulsions, brain damage, cancers of the lung, throat, mouth, death from overdose	Inhalants: Drastic weight loss, brain damage, liver and bone marrow damage, high risk of sudden death
Opiates/ Heroin: Tolerance turns to dependence, insomnia, collapsed veins, abscesses/infections, pulmonary complications, infections in the heart, permanent lung, liver, kidney & brain damage, severe symptoms from withdrawal , death from overdose	
Fentanyl is a synthetic opioid meant originally for pain control but is quickly becoming one of the most used and abused substances around the country. With 100x the potency of morphine and 50x the potency of heroin, this drug is implicated in many overdose deaths, as its reversal in the body takes more Naltrexone (Narcan) than other opioids. The illicit manufacture also adds to the danger, as the pills themselves may contain any number of contaminants. Fatality is swift, with major respiratory and cardiac function diminishing rapidly after ingestion

Weapons Possession

Weapons are prohibited on campus. Any student found carrying a weapon, concealed or otherwise, will be dealt with according to the statutes of the law and the College Student Conduct Policy. A license to carry a weapon does not constitute authority/permission to bring said weapon on campus. If no license for said weapon is held, criminal charges against the student may also be filed. With the exception of Campus Police Officers or other law enforcement officials acting in the performance of their duties, use or manufacture of a firearm or other weapon, including explosives, firebombs, or other destructive devices are prohibited.

Statement on Self-Reporting and Bystander Intervention (Good Samaritan)

Cayuga Community College students are expected to be aware of their health and safety and to be active bystanders who help fellow students when their health and safety is in danger. When a person's health or safety is threatened due to consumption of alcohol, unlawful drugs, controlled substances and/or other synthetic materials, domestic violence, dating violence, sexual assault or stalking, immediate actions should be taken. This could include alerting medical personnel, the Office of Public Safety, or an appropriate college official.

In all cases, the incident will be documented. When determining the appropriate response in the conduct process, the Office of Student Engagement and Academic Advisement will consider actions taken by any student who seeks assistance on their own behalf or the behalf of another student experiencing a medical emergency related to consumption of alcohol, unlawful drugs, controlled substances and/or other synthetic materials. In some cases disciplinary sanctions may be reduced. . This practice does not preclude action by the Office of Public Safety or other legal authorities.

Crime Prevention Activities

The College Safety Committee is primarily responsible for reviewing the campus for potential safety problems and making recommendations to upgrade campus health and safety. Comprised of a minimum of three administrators, three faculty members and three students, the committee meets regularly to review campus conditions and make recommendations for safety improvements. Among the committee's responsibilities are the evaluation of campus lighting and safety.

The Office of Public Safety sponsors various lectures and activities designed to provide information on ways to guard against campus crimes such as sexual assault. College courses in health (one credit required for all degree-seeking students) and personal defense, which are scheduled on a regular basis, provide additional information on safety and protecting oneself against crime. The College Health Services Office also has numerous brochures available relating to personal and public safety both on-and off campus.

Further, the information provided in this booklet is distributed to Cayuga students and employees on an annual basis.

College Policies and Procedures Regarding Bias-Related Crime

Violations of federal, state and local laws are also violations of the Student Code of Conduct. In addition, any mistreatment of an individual or group because of race, color, national origin, ancestry, gender, age, disability, religion or religious practice or sexual orientation is a violation of the Student Code of Conduct. Any student found to have violated this policy is subject to disciplinary sanctions including the possibility of suspension or expulsion. The absence of criminal charges will not deter the college from taking disciplinary action in the case of bias related violations of student conduct.

Counseling and Supportive Services

Victims may report incidents of bias-related mistreatment to the Director of Public Safety/Chief or the Director of Student Engagement. Victims of bias-related mistreatment may receive counseling and support from the counselors in the Center for Student Engagement. In some cases victims may be referred to appropriate community agencies for additional counseling and support.

Common Circumstances on College Campuses

Bias or hate related incidents are extremely rare at Cayuga Community College.

Fortunately, hate crimes occur with relative infrequency on most campuses. Bias incidents (acts of prejudice that are not accompanied by violence, the threat of violence, property damage, or other illegal conduct) are far more common. The most common occurrences are degrading language and slurs directed at traditionally targeted groups such as women, gays, and lesbians on a regular basis and racist, anti-Semitic, and other slurs on a regular but less frequent basis. (Wessler and Moss, *Hate Crimes on Campus: The Problems and Efforts to Confront It*, 2001)

Public Safety Procedures

Public Safety procedures are outlined in the Student Handbook, the Right-to-Know pamphlet, and the College website. These are distributed to students on an annual basis at registration points, and during orientation programs.

Campus Crime Statistics

In accordance with recent updates to the “Campus Safety Act,” the following data are presented to review crime activity both on campus and on streets adjacent to campus property. Reported on-campus offenses include all offenses reported on campus property and in campus buildings. A specific breakdown on offenses occurring on property and streets adjacent to the campus is included at the end of this report.

STUDENT CODE OF CONDUCT, DISCIPLINE, AND CONDUCT REVIEW PROCESS

Cayuga Community College has a long and distinguished tradition of higher education and a commitment to core values and ethics, which are vital to all communities. All members of the Cayuga Community College community are required

to be committed to civility, respect, personal ethics, fairness, honesty, and remain accountable to self and others.

All members of the College community enjoy the rights that are guaranteed to them by federal, state laws, and College policy and, therefore, must assume responsibilities implied by these rights. Students are expected to maintain standards of conduct in keeping with these laws and policies. The College Conduct Review Process is utilized when student behavior may have violated these expectations either on or off-campus. Initiation of the Conduct Review process for off-campus incidents will occur when the violation is committed while participating in a College sanctioned or sponsored activity, the violation adversely affects the educational or service function of the College, or the violation adversely affects the individual's suitability as a member of the College community.

The College maintains a policy on Student Code of Conduct and Conduct Review Procedures. The most current policy is available on the College website.

Individuals can submit an incident report with the Office of Public Safety or the Dean of Students. Once notice is received, the College will proceed with a preliminary investigation. If the misconduct involves sexual assault, domestic violence, dating violence, and/or stalking, additional resources for reporting can be found in the College's Sexual Assault, Domestic Violence, Dating Violence and Stalking Prevention, Title IX Policy. Federal, state, local, and SUNY guidelines are set so that those impacted by sexual violence can be supported throughout the process. Information regarding Title IX can be accessed here: <https://www.cayuga-cc.edu/students/resources/sexual-assault-prevention/>.

HEARINGS

Informal Hearing – A meeting between the Dean of Students, or designee, and the accused student is considered an informal hearing. At this meeting, the student will be apprised of misconduct complaints and/or charges, typically, but not necessarily, in writing. The accused student will be given the opportunity to discuss, dispute, and/or accept responsibilities for the violation. In cases of severe or violent alleged misconduct, an informal hearing may be bypassed and the accused student will be notified in writing of charges of alleged misconduct and the date and time of a formal hearing.

Formal Hearing – A formal hearing may be called by a Student Conduct Administrator so, or when the Student wishes to appeal disciplinary action taken by the Dean of Students, or designee through an informal hearing. Such decision will be based upon the circumstances and severity of each individual case.

STUDENT CONDUCT PROCEDURES

The following process and procedures are used to adjudicate all conduct cases with the exception of those incidents deemed Title IX complaints, which include sexual harassment, sexual assault, rape, sexual violence, dating violence, domestic violence and stalking. The process for adjudicating Title IX cases can be found at <https://www.cayuga-cc.edu/students/resources/sexual-assault-prevention/> or in the Cayuga Community College Handbook.

The following information outlines the process by which student conduct cases are reviewed and resolved:

1. The Student Conduct Officer receives written notice of a possible violation of College policy. The Officer will review the report and

determine if additional action is required which may include investigation by Public Safety and/or disciplinary charges.

2. If the Conduct Officer determines there may have been a violation of the Student Code of Conduct, the student will receive written notice including the following no less than (5) days prior to the meeting:
 - a. Alleged violations of the Student Code of Conduct;
 - b. Supporting information related to the alleged violations including; date, time, location of incident;
 - c. Information regarding the code of conduct/disciplinary process;
 - d. Opportunity to offer evidence to be considered in resolving the allegations through a scheduled hearing; providing specific date, time, location.
3. The scheduled hearing with the Student Conduct Officer or Student Conduct Board will be conducted at a specified date and time.
 - a. The hearing will be conducted in private.
 - b. There will be a verbatim record of the hearing via digital audio recording for all formal hearings. Deliberations will not be recorded. The record shall be the property of the College.
 - c. The student may bring an advisor to accompany them to the scheduled hearing. If the student chooses to bring an advisor, he/she must notify the Dean of Students (designee) at least forty-eight hours in advance of the scheduled hearing. The student may consult with the advisor prior to answering questions or making any statements, but the advisor will not be permitted to speak or participate in the hearing.
 - d. During this hearing, the student will be provided details of the incident and the alleged violations. The student will be provided an opportunity to respond to the alleged violations and to share information for consideration by the hearing officer/board.
 - e. If the student does not appear for a scheduled hearing, the information in support of the charges shall be presented and a decision rendered based on the information available. Inability of an accused student to appear at any Student Conduct Hearing due to long distance travel, incarceration, or other reasons, may not result in an extension of the time period before the hearing. In such cases, an accused student may be given the opportunity to participate in a hearing by telephone or by written statement. The appropriateness of such arrangements will be determined by the Student Conduct Officer.

It is the responsibility of the Student Conduct Officer/Board to make a determination based on the “preponderance of evidence” standard. If the evidence presented meets that standard, meaning it is “more likely than not” that the misconduct occurred, then the student will be found responsible.

The Student Conduct Officer/Board shall render its decisions to the student in writing within 10 business days. The written decision shall be considered part of the student’s

educational record.

SANCTIONS

The following sanctions may be imposed upon any student found to have violated the Student Code of Conduct:

- **Verbal Reprimand:** An oral statement to the student that he/she has violated the Student Code of Conduct. A verbal reprimand does not become a matter of permanent record.
- **Written Warning:** A written notice to the student that indicates the behavior was unacceptable and that any additional violations of the Code of Conduct will be followed with an escalated response in conduct action from the College. A written warning becomes part of a student's disciplinary file and educational record.
- **Restitution:** This sanction requires the student to reimburse for damage(s) or misappropriation of property to the College or other owner. Reimbursement may take the form of compensation for damages or an appropriate period of service.
- **Educational Assignment:** This is a sanction designed to assist the student in understanding the impact of their behavior. Examples include, but are not limited to, research papers, letters, creation of educational materials, community service, attendance at workshops, or other educational programs.
- **Restrictive Measures:** A ban from activities, campus facilities, and/or service areas on campus. This can also include limitation on contact with another person.
- **Disciplinary Probation:** A change in student status between good standing and suspension or expulsion from the College for a specified period of time which may or may not include specific conditions. If conditions are applied, such conditions would include, but not be limited to exclusion from participation in privileges or College activities, including access to facilities, participation in athletics and extracurricular activities, and off-campus College sponsored events. Failure to comply with conditions or additional violations of the Code of Conduct while on probation will result in additional disciplinary actions.

- **Suspension:** Separation from the College, including enrollment in classes and other privileges or activities for a definite period of time or until certain specific conditions have been met. While on suspension, the individual is considered persona non grata and cannot come to campus without prior approval from the College's Public Safety. This will become part of the disciplinary file, student educational file, and may include a notation on the student's transcript.
- **Expulsion:** Permanent termination of a student's status at the College for an indefinite period of time. Upon expulsion, the individual is considered persona non grata and cannot come to campus without prior approval from the College's Public Safety Office. This will become a part of the disciplinary file, student educational file, and may include a notation on the student's transcript.
- **Revocation of Admission and/or Degree:** Admission to or a degree awarded from the College may be revoked for fraud, misrepresentation, or other violations of College standards in obtaining the degree, if such violations were committed by a student prior to graduation.

- **Referral:** A referral to an on or off campus resource in order to more specifically address issues related to the behavior.

All Students are responsible for complying with all assigned sanctions. Failure to comply with a sanction may result in additional conduct action.

INTERIM ACTIONS

The College may impose restrictions, separate a student from the community, and/or issue restrictive measures during an investigation and pending a hearing if, in the Student Conduct Officer, or designee's judgment, the student's presence on campus constitutes a threat of serious harm to others and/or faces allegations of a serious criminal nature; to prevent the disruption of normal operations of the College; to preserve the integrity of the investigation; and/or, to preserve College property. These interim measures will be for no more than ten (10) business days pending the scheduling of a hearing. If an interim suspension occurs immediately before or during College calendar breaks, the College may hold the hearing within ten (10) business days after the resumption of classes.

During an interim action, students may be denied access to the campus (including classes), and electronic services of the College, other Distance Learning activities, e-mail, and/or all other College activities or privileges. Continued use of such services without the express permission of the Dean of Students, or designee, will warrant additional conduct action and could be considered trespassing.

APPEAL PROCEDURE

In cases when the original hearing is conducted by the Conduct Hearing Board, and the Student Conduct Officer imposes a sanction less serious than expulsion, the Vice President for Student Affairs serves as the appeal officer. In cases where the sanction is expulsion, the President of the College will serve as appeal officer. In cases when the Vice President of Student Affairs serves as the hearing officer, the President of the College shall serve as the appeal officer.

The student may appeal a disciplinary action, determined through a hearing, by writing the appropriate appeal officer within five (5) business days after receipt of the written notification of the hearing outcome. The written appeal must include a statement showing why the appeal has merit. A personal meeting with the student filing the appeal will be at the discretion of the appeal officer.

An appeal shall be limited to review of the verbatim record of the initial hearing and supporting documents for one or more of the following purposes:

- To determine whether the original hearing was conducted fairly in light of the charges and presented evidence, and in conformity with prescribed procedures;
- To determine whether the appropriateness of the sanction in relation to the violation of the Student Code of Conduct that the student was found to have committed;
- To consider new evidence, unavailable at the time of the hearing that is sufficient to alter a decision.

Upon appeal, the appeal officer will approve, disapprove, or modify the original findings, determination and/or sanctions. The appeal officer will transmit his/her decision in writing within ten (10) workdays, to the student and the Student Conduct Administrator.

Cayuga Community College supports and complies with all mandates of the Violence Against Women Act (“VAWA”).

What is VAWA? Under The Violence Against Women Act (“VAWA”), colleges and universities are required to: (1) report dating violence, domestic violence, sexual assault, and stalking, beyond crime categories the Clery Act already mandates; (2) adopt certain student discipline procedures, such as for notifying purported victims of their rights; and (3) adopt certain institutional policies to address and prevent campus sexual violence, such as to train in particular respects pertinent institutional personnel

Cayuga Community College’s Wellness and Violence Prevention Committee

The Wellness and Violence Prevention Committee at Cayuga Community College is charged to ensure that all new and current students at Cayuga receive education and training, using a variety of best practices, in a way that decreases violence and maintains and promotes an institutional culture where sexual assault and other acts of violence are not tolerated. Specifically, the Committee will:

- Work with the Title IX Coordinator, relevant functional area supervisors and staff, faculty, student leaders, and others, via multiple methods, to provide annual and ongoing education and training about sexual harassment, sexual violence, domestic violence, dating violence, stalking, and other forms of violence and threats of violence
- Coordinate with SUNY, the College’s Director of Assessment, Director of Institutional Research and Planning, and other entities to assess and evaluate the institutional culture as it relates to the issues noted above
- Communicate these issues and education efforts to the College community, and seek their support and assistance

Sexual Assault, Domestic Violence, Dating Violence and Stalking

Cayuga Community College is committed to creating and maintaining an educational environment free from all forms of sex discrimination, including sexual misconduct. Any act involving sexual harassment, sexual violence, coercion, and intimidation will not be tolerated. Specifically, Cayuga Community College strictly prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking. These acts have a real impact on the lives of victims. They not only violate a person's feelings of trust and safety, but they can also substantially interfere with a student's education. It is the policy of Cayuga Community College that, upon learning that an act of sexual misconduct has taken place, immediate action will be taken to address the situation and punish the perpetrator. This includes working with State and local law enforcement to bring possible criminal charges, seeking disciplinary action through the college, and enforcing mandatory transcript notifications so other institutions are on notice of the offense committed.

Cayuga Community College is committed to providing for a prompt, fair and impartial disciplinary proceeding in cases of alleged domestic violence, sexual assault, or stalking with a written explanation of their rights and options, regardless of whether the offense occurred on campus, including written notification of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims both within the institution and in the community, and the availability of changes in academic, living, transportation, and working situations, or protective measures regardless of whether the victim reports to law enforcement.

Cayuga Community College encourages the reporting of sexual misconduct that is prompt and accurate. This allows the college community to quickly respond to allegations and offer immediate support to the victim. Cayuga Community College is committed to protecting the confidentiality of victims, and will work closely with students who wish to obtain confidential assistance regarding an incident of sexual misconduct. Certain professionals at the College are permitted by law to offer confidentiality. Those who do not maintain the privilege to offer confidentiality are expected to keep reports private to the extent permitted under the law and college policy. This means that they may have to report to college officials, but will not broadcast the information beyond what is required by law and policy. All allegations will be investigated promptly and thoroughly, and both the victim/survivor and the accused will be afforded equitable rights during the investigative process.

It is the collective responsibility of all members of the campus community to foster a safe and secure campus environment. In an effort to promote this environment and prevent acts of sexual misconduct from occurring, the college engages in ongoing prevention and awareness education programs. All incoming students [and employees] are required to participate in these programs, and all members of the college community.

Type of Disciplinary Proceedings for reports of Dating Violence, Domestic Violence, Sexual Assault and Stalking:

Cayuga Community College has adopted a dating violence, domestic violence, sexual assault and stalking policy which outlines the specified procedures and guidelines for the adjudication of reported violations of those offences. Cayuga Community College has determined that cases involving dating violence, domestic violence, sexual assault, and stalking will be heard and adjudicated by administrative hearing. The administrative hearing board will consist of identified campus officials who have been appropriately trained on an annual basis on topics related to dating violence, domestic violence, sexual assault and stalking. Members of the administrative hearing board shall not consist of anyone who may have a conflict of interest or a bias against the accused or the accuser. As outlined in Cayuga Community College policy below:

Grievance Policy and Procedure for Addressing Formal Complaints of Sexual Harassment Under Title IX Regulations Effective August 14, 2020

1. Introduction

What is the purpose of the Title IX Grievance Policy?

Title IX of the Educational Amendments of 1972 prohibits any person in the United States from being discriminated against on the basis of sex in seeking access to any educational program or activity receiving federal financial assistance. The U.S. Department of Education, which enforces Title IX, has long defined the meaning of Title IX's prohibition on sex discrimination broadly to include various forms of sexual harassment and sexual violence that interfere with a student's ability to equally access our educational programs and opportunities.

On May 19, 2020, the U.S. Department of Education issued a Final Rule under Title IX of the Education Amendments of 1972 that:

- Defines the meaning of "sexual harassment" (including forms of sex-based violence)
- Addresses how we **must** respond to reports of misconduct falling within that definition of sexual harassment, and
- Mandates a grievance process that we **must** follow to comply with the law in these specific covered cases before issuing a disciplinary sanction against a person accused of sexual harassment.

Based on the Final Rule, Cayuga Community College implemented the following Title IX Grievance Policy, effective August 14, 2020.

How does the Title IX Grievance Policy impact other campus disciplinary policies?

In recent years, "Title IX" cases have become a short-hand for any campus disciplinary process involving sex discrimination, including those arising from sexual harassment and sexual assault. But under the Final Rule, Cayuga must narrow both the geographic scope of its authority to act under Title IX and the types of "sexual harassment" that it must subject to its Title IX

investigation and adjudication process. **Only** incidents falling within the Final Rule’s definition of sexual harassment will be investigated and, if appropriate, brought to a live hearing through the Title IX Grievance Policy defined below.

Cayuga Community College remains committed to addressing any violations of its policies, even those not meeting the narrow standards defined under the Title IX Final Rule.

Specifically, our campus has:

- A **Code of Conduct** that defines certain behavior as a violation of campus policy, and a separate **Sexual Misconduct Policy** that addresses the types of sex-based offenses constituting a violation of campus policy, and the procedures for investigating and adjudicating those sex-based offenses.

To the extent that alleged misconduct falls outside the Title IX Grievance Policy, or misconduct falling outside the Title IX Grievance Policy is discovered in the course of investigating covered Title IX misconduct, Cayuga retains authority to investigate and adjudicate the allegations under the policies and procedures defined within the Student Code of Conduct, Discipline, and Conduct Review Process through a separate grievance proceeding. Student Handbook

The elements established in the Title IX Grievance Policy under the Final Rule have no effect and are not transferable to any other policy of the College for any violation of the Code of Conduct, employment policies, or any civil rights violation except as narrowly defined in this Policy. This Policy does not set a precedent for other policies or processes of the College and may not be cited for or against any right or aspect of any other policy or process.

How does the Title IX Grievance Policy impact the handling of complaints?

Our existing Title IX office and reporting structure remains in place. What has changed is the way our Title IX office will handle different types of reports arising from sexual misconduct, as detailed in full throughout Section 2.

2. Title IX Grievance Policy

Effective Date

This Title IX Grievance Policy will become effective on August 14, 2020, and will only apply to formal complaints of sexual harassment brought on or after August 14, 2020. Complaints brought prior to August 14, 2020 will be investigated and adjudicated according to the Title IX Grievance Policy if a case is not complete by that date.¹

¹ This specific provision may be subject to additional guidance from OCR.

Revocation by Operation of Law

Should any portion of the Title IX Final Rule, 85 Fed. Reg. 30026 (May 19, 2020), be stayed or held invalid by a court of law, or should the Title IX Final Rule be withdrawn or modified to not require the elements of this policy, this policy, or the invalidated elements of this policy, will be deemed revoked as of the publication date of the opinion or order and for all reports after that date, as well as any elements of the process that occur after that date if a case is not complete by that date of opinion or order publication. Should the Title IX Grievance Policy be revoked in this manner, any conduct covered under the Title IX Grievance Policy shall be investigated and adjudicated under the existing Student Code of Conduct, Discipline, and Conduct Review Process.

Non-Discrimination in Application

The requirements and protections of this policy apply equally regardless of sex, sexual orientation, gender identity, gender expression, or other protected classes covered by federal or state law. All requirements and protections are equitably provided to individuals regardless of

such status or status as a Complainant, Respondent, or Witness. This policy applies to students, employees, contractors, vendors, and visitors to Cayuga's campuses. Individuals who wish to file a complaint about the Cayuga's policy or process may contact the Department of Education's Office for Civil Rights using contact information available at <https://ocrcas.ed.gov/contact-ocr>.

Definitions

Covered Sexual Harassment

For the purposes of this Title IX Grievance Policy, "covered sexual harassment" includes any conduct on the basis of sex that satisfies one or more of the following:

1. An employee conditioning educational benefits on participation in unwelcome sexual conduct (i.e., quid pro quo);
2. Unwelcome conduct that a reasonable person would determine is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to Cayuga's education program or activity;
3. Sexual assault (as defined in the Clery Act), which includes any sexual act directed against another person, without the consent of the victim including instances where the victim is incapable of giving consent;
4. Dating violence (as defined in the Violence Against Women Act (VAWA) amendments to the Clery Act), which includes any violence committed by a person: (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) The length of the relationship; (ii) The type of relationship; (iii) The frequency of interaction between the persons involved in the relationship.
5. Domestic violence (as defined in the VAWA amendments to the Clery Act), which includes any felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under New York domestic or family violence laws or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of New York.
6. Stalking (as defined in the VAWA amendments to the Clery Act), meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to-- (A) fear for their safety or the safety of others; or (B) suffer substantial emotional distress.

Note that conduct that does not meet one or more of these criteria may still be prohibited under the Student Code of Conduct, Discipline, and Conduct Review Process.

Consent

For the purposes of this Title IX Grievance Policy, "affirmative consent" means a knowing, voluntary, and mutual decision among all participants of legal age to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

Education Program or Activity

For the purposes of this Title IX Grievance Policy, Cayuga's "education program or activity" includes:

- Any on-campus premises

- Any off-campus premises that Cayuga Community College has substantial control over. This includes buildings or property owned or controlled by a recognized student organization.
- Activity occurring within computer and internet networks, digital platforms, and computer hardware or software owned or operated by, or used in the operations of Cayuga Community College’s programs and activities over which Cayuga has substantial control.

Formal Complaint

For the purposes of this Title IX Grievance Policy, “formal complaint” means a document – including an electronic submission - filed by a complainant with a signature or other indication that the complainant is the person filing the formal complaint, or signed by the Title IX Coordinator, alleging sexual harassment against a respondent about conduct within Cayuga Community College’s education program or activity and requesting initiation of the procedures consistent with the Title IX Grievance Policy to investigate the allegation of sexual harassment.

Complainant

For the purposes of this Title IX Grievance Policy, “complainant” means any individual who has reported being or is alleged to be the victim of conduct that could constitute covered sexual harassment as defined under this policy.

Relevant evidence and questions

“Relevant” evidence and questions refer to any questions and evidence that tends to make an allegation of sexual harassment more or less likely to be true.

“Relevant” evidence and questions do not include the following types of evidence and questions, which are deemed “irrelevant” at all stages of the Title IX Grievance Process:

- Evidence and questions about the complainant’s sexual predisposition or prior sexual behavior unless:
 - They are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or
 - They concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent.
- Evidence and questions that constitute, or seek disclosure of, information protected under a legally-recognized privilege. Legally-recognized privileges include communications between an attorney and client, husband and wife, clergyperson and penitent, and doctor and patient.
- Any party’s medical, psychological, and similar records unless the party has given voluntary, written consent.

Respondent

For the purposes of this Title IX Grievance policy, “respondent” means any individual who has been reported to be the perpetrator of conduct that could constitute covered sexual harassment as defined under this policy.

Privacy vs. Confidentiality

Consistent with Student Code of Conduct, Discipline, and Conduct Review Process, references made to *confidentiality* refer to the ability of identified confidential resources to not report crimes and violations to law enforcement or college officials without permission, except for extreme circumstances, such as a health and/or safety emergency or child abuse. References made to *privacy* mean Cayuga offices and employees who cannot guarantee confidentiality but will maintain privacy to the greatest extent possible, and information disclosed will be relayed only as necessary to investigate and/or seek a resolution and to notify the Title IX Coordinator

or designee, who is responsible for tracking patterns and spotting systemic issues. Cayuga Community College will limit the disclosure as much as practicable, even if the Title IX Coordinator determines that the request for confidentiality cannot be honored.

Disability Accommodations

This Policy does not alter any institutional obligations under federal disability laws including the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. Parties may request reasonable accommodations for disclosed disabilities to the Title IX Coordinator at any point before or during the Title IX Grievance Process that do not fundamentally alter the Process. The Title IX Coordinator will not affirmatively provide disability accommodations that have not been specifically requested by the Parties, even where the Parties may be receiving accommodations in other institutional programs and activities.

Making a Report Regarding Covered Sexual Harassment to the Cayuga

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

Contact Information for the Title IX Coordinator:

Name: Paul Smith

Title: Assistant Director of Human Resources and Title IX Coordinator

Office Address: Room R324

Email Address: psmith37@cayuga-cc.edu

Non-Investigatory Measures Available Under the Title IX Grievance Policy

Supportive Measures

Complainants (as defined above), who report allegations that could constitute covered sexual harassment under this policy, have the right to receive supportive measures from Cayuga Community College regardless of whether they desire to file a complaint, which **may** include supportive measures as appropriate. Supportive measures are non-disciplinary and non-punitive.

As appropriate, supportive measures may include, but not be limited to:

- counseling
- extensions of deadlines or other course-related adjustments
- modifications of work or class schedules (including temporarily re-assigning an employee)
- campus escort services
- restrictions on contact between the parties (no contact orders)
- changes in work or housing locations
- leaves of absence
- increased security and monitoring of certain areas of the campus

Emergency Removal

Cayuga Community College retains the authority to remove a respondent from Cayuga's program or activity on an emergency basis whether a grievance process is underway or not. A five-step process for evaluating the necessity for an emergency removal will be used to determine if an immediate threat to the physical health or safety of any student or other individual arising from the allegations of covered sexual harassment justifies a removal. If Cayuga determines such removal is necessary, the respondent will be provided notice and an opportunity to challenge the decision immediately following the removal. Any challenge to the emergency removal by a respondent shall be heard by the appropriate Vice President.

Administrative Leave

Cayuga Community College retains the authority to place an employee respondent on administrative leave during the Title IX Grievance Process.

A Guide on Risk Reduction for the Cayuga Community College Student and Staff

But I was at a party with friends...

- Most sexual assaults among college students involve people who know each other, and the majority involve use of alcohol or other drugs. Whether someone is sober or under the influence of alcohol or other drugs, if they are sexually assaulted they are not responsible for the assault.

Anyone can be sexually assaulted, and there are no sure means to prevent sexual assault because the only people who can prevent sexual assault are those who perpetrate it. However, you can take steps to lessen the likelihood that you or your friends will be assaulted or will assault someone.

Here are some tips to consider when you go out:

- Know where you are going and speak up if you are uncomfortable with the plans.
- Communicate with your partner: NO MEANS NO and YES MEANS YES: AFFIRMATIVE CONSENT IS REQUIRED
- Know that drinking and drug use can impair your judgment. You might not be able to make the same decision you would make if you were sober.

- If you drink, drink responsibly: eat a full meal before going out, have a glass of water between each drink, stick to one type of alcoholic beverage, know your limits and don't go beyond them, have a designated driver, and don't let anyone else make the decision of how much you will drink.
- Only drink something that you poured yourself or that comes in a pre-sealed container, and don't drink something that has been left unattended. Mixed drinks can have more alcohol in them than you might want to drink. Also, drugs (e.g., Rohypnol, GHB) can be dissolved in a drink, causing side effects such as nausea, dizziness, disorientation, &/or loss of consciousness.
- Use the buddy system and look out for each other. Don't go anywhere with someone you don't know well. If you do leave a party with a new friend, tell the friends you came with where you are going and when you are coming back. If you are worried about a friend's safety, tell them.

Reduce the Risk of Committing Sexual Assault

- Listen carefully. Take time to hear what the other person has to say. If you feel they are not being direct or are giving you a "mixed message" ask for clarification.
- Don't fall for the cliché "if they say no, they really mean yes." If your partner says "no" to sexual contact, believe them and stop. If they seem uncomfortable or uncertain, stop and check in. It is never acceptable to force sexual activity, or to pressure, coerce, or manipulate someone into having sex, no matter the circumstances.
- Don't make assumptions about a person's behavior. Don't assume that someone wants to have sex because of the way they are dressed, they drink (or drink too much), or agree to go to your room. Don't assume that if someone has had sex with you before they are willing to do so again. Also don't assume that if your partner consents to kissing or other sexual activities, they are consenting to all sexual activities. Obtain clear consent for each sexual activity.
- Be aware that having sex with someone who is mentally or physically incapable of giving consent is rape. If you have sex with someone who is drugged, intoxicated, passed out, or is otherwise incapable of saying no or knowing what is going on around them, you may be guilty of rape.
- Remember sexual assault is a crime punishable via campus conduct, criminal, and civil proceedings.
- Be careful in group situations; resist pressure from friends to participate in violent acts.
- Get involved if you believe that someone is at risk. If you see someone in trouble or someone pressuring another person, don't be afraid to intervene - or get help to do so.

Reduce the Risk of Being Sexually Assaulted

- Know your sexual intentions and limits. You have the right to say “NO” to any unwanted sexual contact. If you are uncertain of what you want, ask your partner to respect your feelings.\
- Communicate with your partner. Do not assume that someone will automatically know how you feel or will eventually “get the message” without you having to say anything. Just as its okay to say “NO” to unwanted activities, it’s okay - and important - to give clear consent to activities you would like to engage in. Avoid giving “mixed messages”; back up your words with a firm voice and clear body language.
- Remember that some people think that drinking, dressing provocatively, or going to your or someone else’s room is saying you are willing to have sex. Be clear up front about your limits in such situations.
- Listen to your gut feelings. If you feel uncomfortable or think you might be at risk, leave the situation immediately and go to a safe place.
- If you feel you are being pressured or coerced into sexual activity, you have a right to state your feelings &/or leave the situation. If you are concerned about the other person becoming angry, it is okay to make up an excuse to leave or create time to get help.
- Attend large parties with friends you trust. Agree to “look out” for one another. Leave with the group, not alone. Avoid leaving with people that you don’t know very well.
- Attend a workshop on sexual assault risk reduction or take a self-defense course.

If someone you know has been sexually violated

DO:

- Be supportive, listen to them.
- Share your feelings of concern for them.
- Communicate to your friend that they are not responsible for the violation.
- Make sure your friend has a safe place to stay.
- Allow your friend to regain control by making their own decisions.
- Make yourself available to accompany your friend to a helping resource (e.g., hospital, Health Center, Counseling Center, Harlan House).
- Realize that you, too, have been affected and seek support if you need it.

DON’T:

- Attempt to seek revenge.
- Make jokes.
- Be angry with your friend.
- Force them to talk and/or take control from them.
- Ask your friend how they could “let this happen”.

- Assume you understand how your friend feels.
- Discuss the incident with others unless you have permission from your friend.

How to Help as a Bystander

Cayuga Community College expects all members of the campus community to take reasonable and prudent actions to prevent or stop an act of sexual misconduct. Educating and engaging bystanders are effective ways to help prevent acts of sexual misconduct. Bystanders can help in several different ways, including direct intervention, seeking assistance from an authority figure, notifying Campus Police, or calling State or local law enforcement.

If you see an act of sexual misconduct: It is important to understand that no individual has the right to be violent, regardless of whether people are in a relationship. Recognizing when acts of sexual misconduct are occurring is the first step to intervening. Required campus education and training programs give a full synopsis on recognizing when sexual misconduct is taking place. If you make the decision to intervene, do so safely—violence does not stop violence, and, if you cannot stop the act with your words, call law enforcement. Do not be afraid to ask a campus official or other student for help.

If a victim confides in you: It is important to let the victim tell their story. Listen respectfully, and help them explain and identify what has happened to them. Do not contradict them or play “devil’s advocate” even if parts of the story don’t immediately make sense or even if you would have made other choices when presented with the same scenario or challenges. Help the victim identify others in their network who they can confide in. Ask the victim what they need to feel safe, encourage them to seek medical attention and counseling, and encourage them to report the act if they feel comfortable doing so. The first people that a victim talks to can have a significant impact on the person and their ability to report and get through an ordeal. Be a supportive, kind, understanding and nonjudgmental person and you can be a positive force for this victim in seeking the help they require to move forward.

The Importance of seeking medical attention and legal assistance for victim/survivors

- After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at Auburn Community Hospital located at 17 Lansing Street Auburn, New York (315) 255-7011, or evidence may be collected even if you chose not to make a report to law enforcement. Members of the Fulton Campus Community should consider seeking medical attention at the Oswego Hospital located at 110 W. 6th Street Oswego, NY (315) 349-5511. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to College judicial hearing boards/investigators or police. Although the college strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report and victims have the right to decline involvement with the police. The Office of Public Safety will assist any victim with notifying local police if they so desire. The Auburn City Police Department can be reached by calling (315) 253-3231 or by visiting their

office at 46 North Street Auburn, NY 13021 or the Fulton City Police Department can be reached directly by calling (315) 598-2007, in person at 141 S. First Street Fulton, NY 13069.

- If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator, Smith by calling (315) 294-8580, by email at psmith37@cayuga-cc.edu coming into the office located at 197 Franklin Street Auburn, New York 13021 to report in person and the Office Of Public Safety (if the victim so desires.). The college will provide resources, on campus off campus or both, to include medical, health, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.
- As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Police or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.
- Privileged and Confidential Resources: individuals who by statute have privilege and confidential status will not report crimes to law enforcement or college officials without permission from the victim/survivor, except for extreme circumstances, such as a health and/or safety emergency.
- Off-campus options: victim/survivors may disclose sexual violence confidentially to off-campus resources that will not provide any information to the campus.
- These might include: Off-Campus Counselors and advocates. Crisis services offices will generally maintain confidentiality unless the victim/survivor requests disclosure and sign a consent or waiver form. More information on an agency's policies on confidentiality may be obtained directly from the agency.
- Off-campus healthcare providers. Note that medical office and insurance billing practices may reveal information to the insurance policy holder, including medication or examinations paid for or administered. The New York State

Office of Victim's Services may be able to assist in compensating victims/survivors for health care and counseling services, including emergency

- Non-Professional Counselors and Advocates
- Non-professional counselors and advocates can also assist without sharing information that could identify the victim. These individuals will report the nature, date, time, and general location of an incident to the Title IX Coordinator, but will consult with the victim to ensure no personally identifying details are shared without consent.
- Offices and employees who cannot guarantee confidentiality will maintain privacy to the greatest extent possible. The information provided to a non-confidential resource will be relayed only as necessary to investigate and/or seek a resolution and to notify the Title IX Coordinator or designee, who is responsible under the law for tracking patterns and spotting systemic issues.
- The campus will limit the disclosure as much as possible, even if the Title IX Coordinator determines that the request for confidentiality cannot be honored.

Requesting Confidentiality

- If a victim/survivor discloses an incident to a College employee who is responsible for responding to or reporting sexual violence or sexual harassment, but wishes to maintain confidentiality or does not consent to the institution's request to initiate an investigation, the reporting employee such as the police or Title IX must weigh the request against an obligation to provide a safe, non-discriminatory environment for all members of our community.
- The campus will seek consent prior to conducting an investigation. The victim may decline to consent to an investigation, and that determination will be honored unless the College failure to act may result in harm to the victim or other members of the campus community.
- If it is determined that an investigation is required, the campus will notify the victim and take immediate action as necessary to provide protection and assistance. Honoring a request for confidentiality may limit the ability to meaningfully investigate and pursue conduct action against an accused individual.
- The campus will assist with academic, housing, transportation, employment and other reasonable and available accommodations regardless of your reporting choices. While victims/survivors may request accommodations through several College offices, one office should serve as a point to assist with these measures
- The campus will also implement proactive actions, such as training or awareness efforts, to combat sexual violence in a general way that does not identify the victim/survivor or the situation that was disclosed
- When a victim/survivor discloses an incident to someone who is responsible for responding to or reporting sexual violence or sexual harassment, but wish to maintain confidentiality, the campus will consider many factors to

determine whether to proceed despite that request. These factors include, but are not limited to:

- whether the accused has a history of violent behavior or is a repeat offender
- whether the incident represents escalation, such as a situation that previously involved sustained stalking,
- the increased risk that the accused will commit additional acts of violence
- whether the accused used a weapon
- whether the victim/survivor is a minor
- whether the campus possesses other means to obtain evidence such as security footage, and whether the report reveals a pattern of perpetration at a given location or by a particular group

What is Sexual Harassment?

Sexual Harassment includes any unwanted verbal or physical sexual advance, request for sexual favors, sexually explicit derogatory remarks, and sexually discriminating remarks which are offensive or objectionable to the person at whom they are directed or which cause a person discomfort or humiliation. Title IX of the Education Amendments was passed by the U.S. Congress in June 1972, and signed into law on July 1, 1972. Though most notable for advancing equity in girls and women’s sports, Title IX provides federal civil rights that prohibits sex discrimination in education programs and activities such as:

Title IX on a College Campus

At Cayuga Community College, the Title IX Officer is Paul Smith located in the Office of the President at 197 Franklin Street in Auburn, New York. Cayuga’s Title IX Coordinator has been designated at a Campus Security Authority

The protections of Title IX also extend to sexual harassment and sexual assault or violence that impairs or interferes with access to equitable educational and employment opportunities. Title IX is applicable to all members of the campus community, individuals doing business with the campus, those utilizing campus facilities, those who engage in volunteer activities or work activities in connection with or for Cayuga Community College.

Each school must designate a Title IX administrator to review, update and implement current Title IX policies, to coordinate appropriate training and resources, and ensure effective and timely responses to complaints of sexual violence, misconduct, discrimination or harassment.

The Title IX Coordinator or designated deputy coordinator will work with you to gather information on your complaint and provide some resources that may be helpful to you. There are certain immediate steps we can take to help you feel safer and you may change your mind about participating in this process at any time.

If you choose to move forward, the Title IX Coordinator will work with appropriate offices to ensure that the complainant, respondents and witnesses are treated equitably and that respectful and timely communication occurs.

What should I report?

The college is committed to ensuring a community that is safe for all who study, live, work and visit here.

We understand that this can be difficult to discuss but notification to one of the many campus resources is critical to fulfilling our commitment to you.

Sexual discrimination, harassment, assault, misconduct or violence can take many forms, including any sexual contact that lacks mutual consent. Harassment may take the form of stalking or the distribution, the display or discussion of any written, graphic, visual or auditory material that is sexual in nature and has the purpose or effect of threatening, intimidating or interfering with a person or person's ability to study or work would constitute violations of College policy, NYS and/or Federal law and should be reported immediately.

Retaliation against anyone who reports in good faith or participates in the investigative process is prohibited and may be subject to sanctions as determined by the College.

Additional information on the expectation of conduct or prohibited conduct and the reporting process can be found in the Student Code of Conduct.

Public Awareness/Advocacy Events. If a victim/survivor discloses a situation through a public awareness event such as "Take Back the Night," candlelight vigils, protests, a [applicable student organization or other event or forum], or other public event, the College is not obligated to begin an investigation. However, the campus may use the information provided to inform the need for additional education and prevention efforts.

Anonymous Disclosure: In this section review those options and instructions for anonymous support and assistance that are available at the College, including a hotline or an online form. The Hotline is for crisis intervention, resources and referrals and is not a reporting mechanism.

Retaliation

No member of the college campus community shall retaliate, intimidate, threaten, coerce or otherwise discriminate against a person who files a Title IX complaint, serves as a witness, or assists or participate in a Title IX proceeding in any manner. Participants who experience retaliation should immediately report the information to the Office of Public Safety and/or of Department of Human Resources. Both Offices are equipped to follow up on behaviors that are retaliatory in nature.

Sexual Assault Forensic Examinations

While there should be no charge for a Sexual Assault Forensic Examination (commonly referred to as a rape kit), there may be a charge for medical or counseling services off campus and, in some cases, insurance may be billed for services.

The New York State Office of Victim's Services may be able to assist in compensating victims/survivors for health care and counseling services, including emergency compensation.

Bystander Intervention

Cayuga Community College expects all members of the campus community to take reasonable and prudent actions to prevent or stop an act of sexual misconduct. Educating and engaging bystanders are effective ways to help prevent acts of sexual misconduct. Bystanders can help in several different ways, including direct intervention, seeking

assistance from an authority figure, notifying the Office of Public Safety, or calling State or local law enforcement. The college has programs and trainings offer safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. They include recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

No Contact and Orders of Protection

When the accused is a student, the campus may issue a “No Contact Order,” meaning that contact with the protected individual is a violation of college policy subject to additional conduct charges.

If the accused and a protected person observe each other in a public place, it is the responsibility of the accused to leave the area immediately and without directly contacting the protected person.

Victim/survivors have the right to seek assistance from the Office of Public Safety in obtaining an Order of Protection or, if outside of New York State, enforcing an equivalent protective or restraining order.

Upon receipt of a copy of the Order of Protection or equivalent, the victim/survivor may request an opportunity to meet or speak with a campus official who can explain the Order and answer questions about it, including information from the Order about the accused’s responsibility to stay away from the protected person(s); that burden does not rest on the protected person(s).

Student Onboarding and Continuing Education

Cayuga Community College believes that sexual violence prevention training and education cannot be accomplished via a single day or a single method of training. To that end, Cayuga Community College will endeavor to continually educate all new and current students using a variety of methods aimed at educating the entire college community in a way that decreases violence.

Cayuga Community College has begun using an online orientation to allow for a more comprehensive and inclusive orientation program. The orientation content includes programming and training that allows the student to obtain all necessary and mandated information during the Onboarding process.

All new first-year and transfer students will, during the course of their onboarding receive training on the following topics, using a method and manner appropriate to the institutional culture of each campus:

- The institution prohibits sexual harassment, including sexual violence, other violence or threats of violence, and will offer resources to any victims/survivors of such violence while taking administrative and conduct action regarding any accused individual within the jurisdiction of the institution.

- Relevant definitions including, but not limited to, the definitions of sexual violence and affirmative consent.
- The role of the Title IX Coordinator, Office of Public Safety, and other relevant offices that address sexual violence prevention and response.

- Further, Cayuga will, as appropriate, provide specific training or expand training to include groups such as international students, students that are also employees of the campus, leaders and officers of registered/recognized student organizations, online and distance education students.
- Cayuga will also provide specific training to members of groups identified as likely to engage in high risk behavior.
- Beginning in the 2018-2019 academic year, Cayuga Community College will require that student leaders and officers of registered/recognized student organizations and those seeking recognition complete training on sexual violence prevention as part of the approval process and require student-athletes to complete training prior to participating in intercollegiate athletics.

Ongoing prevention and Awareness Campaigns: The term ongoing awareness and prevention campaigns refer to campaigns that are sustained over time focusing on increasing awareness or understanding of topics relevant to SA, DV and stalking prevention. These programs will occur at different levels throughout the institution (i.e. faculty, athletics, and incoming students) and will utilize a range of strategies. Ongoing awareness and prevention campaigns may include information about what constitutes sexual assault, dating violence/intimate partner abuse, and stalking, changing social norms, promoting recognition of perpetrator tactics, enhancing understanding of consent, and advancing prosocial behaviors of individuals and communities. Effective ongoing awareness and prevention campaigns will include developmentally appropriate content for the specific audience and their knowledge and awareness level and provide positive and concrete ways for individuals to get involved.

- Students were provided with a host of resources on violence prevention and intervention services, which Wellness Service\s embedded into student courses. Students were also sent information via email with the goal of providing students with services now and over the pending holiday break period.

Partnering with SAF and SAVAR, agencies that address violence and sexual assault, students on campus can access these services through advocates that were brought on board prior to Covid. As the college has adapted to a tele-health model, these services have done the same, providing seamless access for our student needs.

Staff of the Wellness and Intervention Services continue to provide one-to-one telehealth sessions with students as well as remaining a viable referral service for students in need.

Cayuga Community College is also now utilizing Thrive Campus, which will have the capacity of offering students access to referral sources using an app. The resources include local services added by college providers, as to tailor search results to the most relevant resources particular to that student's need.

Primary prevention Programs: The term primary prevention refers to programming, initiatives and strategies intended to stop domestic violence, dating violence, sexual assault, or stalking before it occurs to prevent initial perpetration or victimization through the promotion of positive and healthy behaviors and beliefs. Efforts to change behavior and social norms, and promote healthy relationships, healthy sexuality and egalitarian gender roles, or efforts to understand risk factors and protective factors for bystander inaction and change social norms around bystander inaction are all examples of primary prevention.

The College supported the following programs

- Take Back the Night March & Rally – Canceled due to COVID concerns
- Our partners assist in helping the college with on-demand and scheduled forums to educate students on a variety of issues, ranging from healthy relationships to service access and utilization for acute care following an incident of violence of sexual assault.

Partnering with Student Activities and Student Engagement, we are able to offer students a variety of workshops and events addressing well-being and safety. Our campus Student Success Advocates continually provide outreach and programming directed at the student population.

Student Activities sponsors a series of events each year with a similar focus of educating students on a variety of topics. This year, Director Normal Lee planned a session addressing our LGBTQ+ community. As we know, this population is particularly vulnerable to violence and self-harm. Educating students and all interested parties will become a valuable tool in reducing risk.

Risk Reduction Programs: The term risk reduction refers to approaches that seek to mitigate risk factors that may increase the likelihood of perpetration, victimization, or bystander inaction. Risk reduction focuses on helping individuals and communities address the institutional structures or cultural conditions that facilitate SV, DV & stalking to increase safety. Examples of risk reduction may include but are not limited to general crime prevention education, campus escort programs, programs that educate on how to create individual and community safety plans and strategies, and bystander intervention programs that educate the campus on how to recognize and interrupt situations of harm, or implementing a communications system that can notify the entire campus community of immediate threats to security.

- The Wellness and Intervention Services department, through a collaborative model, draws upon resources both on and off campus in order to consistently address risk. For example, the department offered a program to college athletes this year addressing the

issues of substance abuse and sexual assault. This will become a bi-annual event and serves as a risk reduction strategy as well as introducing athletes to more individuals and resources on (and off) campus that may be useful.

A new project involving the creation of a Micro-credential addressing sexual assault and violence is now in progress involving one of our partners (SAVAR) and the college. The partnership will create recognition of those students who complete requirements, which include certification as a NYS Rape Crisis Advocate. Students will have this credential displayed in one's transcript. This will work to increase student education and awareness, reduce risk as these students become peer educators, and provide more resources in the community for those needing services.

- College Health Services Office also has numerous brochures available relating to personal and public safety both on-and off campus.
- The office of Public Safety regularly circulates written "Personal Safety Plans" to students and staff with tips on how they can stay safe on and off campus.

Family Education Rights and Privacy Act

FERPA is the Family Education Rights and Privacy Act. FERPA is also referred to as the Buckley Amendment. This amendment affords students certain rights with respect to their education records. An institution may not disclose information in a student's education record without the student's written consent. A student's parents are included, unless they produce to the institution a copy of their prior year's federal income tax form showing the student was a dependent child. There is information within a student's educational record that may be designated by an institution as "Directory Information". This information may be given out without the student's consent, unless the student completes and signs a written request to suppress all of their directory information. FPCO (United States Department of Education, Family Policy Compliance Office) oversees FERPA.

Educational Records: Educational records are all records that contain information that are directly related to a student and are maintained by an educational agency or institution or by a party acting on the behalf of the institution. If a student's educational record is on a computer database it is protected by FERPA.

Non-educational Records: There are several types of records that an institution may have on a student that are not classified as educational records. They are:

- Sole Possession Records
- Law Enforcement Unit Records
- Employment Records
- Health Records
- Alumni Records

Directory Information: This information is not generally considered to be harmful, or an invasion of student's privacy. FERPA especially states that the following can be designated by an institution as directory information. On this list is:

- Student's name
- Student's address
- Student's telephone number(s)
- Student's place and date of birth
- Student's academic field of study
- Student's dates of attendance at the institution
- Any degrees, certificates or awards received at the institution
- Student's most recent previous institution they attended
- Student's participation in officially recognized activities and sports at the institution

- Student's e-mail address
- Student's photograph
- Student's full or part-time status

Illegal Directory Information: The following information may not be released:

- Student's social security number
- Student's student identification number
- Student's race or ethnicity
- Student's gender

Students Rights Under FERPA:

Every post-secondary institution must inform students annually of their rights under FERPA. Many institutions publish these rights in the institution's student handbook to meet this requirement. Students' rights are:

- To inspect and review their education records.
- To seek amendment of education records that they believe to be inaccurate or misleading.
- To consent to disclosure of personally identifiable information in their education record.
- The right to file a complaint with the U.S. Department of Education.

A student may lose the right of disclosure when:

- They have taken an adversarial position against the institution.
- They make written wrong doings against the institution.
- They share above information with a third party.

Rules for Non-Disclosure:

If a student notifies the institution not to disclose their directory information, the institution cannot release any directory information on the student. For example, the institution cannot:

- Verify the student's attendance at the institution
- Include student's name on the Dean's list
- Include student's name in a graduation program
- May not show student's name for any type of award received at the institution
- May not show student's name as a member of an activity or club

Exceptions to Prior Written Consent:

FERPA allows several exceptions to prior written consent in releasing a student's educational records. They are:

School Officials: Access should be limited to individuals who are "school officials" with a "legitimate educational interest" in the information.

Subpoenas/Court Orders: Notice is not required when responding to a federal grand jury subpoena which specifies that the student is not to be informed of the existence of the subpoena or a law enforcement subpoena which specifies the same of the postal service investigating mail fraud.

FERPA was amended in 1998. An institution has the right, if a student is under age 21 and without their consent, to contact a student's parents if a student violates policies concerning alcohol or drug use.
