

CREATIVE AND PROFESSIONAL WRITING AS

CREATIVE AND PROFESSIONAL WRITING AT CAYUGA

In this program, students learn to write professionally and prepare for a four-year degree, develop their abilities for employment, and/or pursue public service.

TRANSFER OPPORTUNITIES

Cayuga has local articulation agreements in Creative and Professional Writing with SUNY Oswego and SUNY Empire State College, as well as an agreement with Le Moyne College. For these and other transfer institutions, students should contact their advisor and/or the Coordinator for Transfer and Articulation in the Center for Student Engagement and Academic Advisement for information on transfer planning. Early consultation to plan the most appropriate course sequence will optimize transferability.
