

# Wireless access instructions (Fulton campus only)

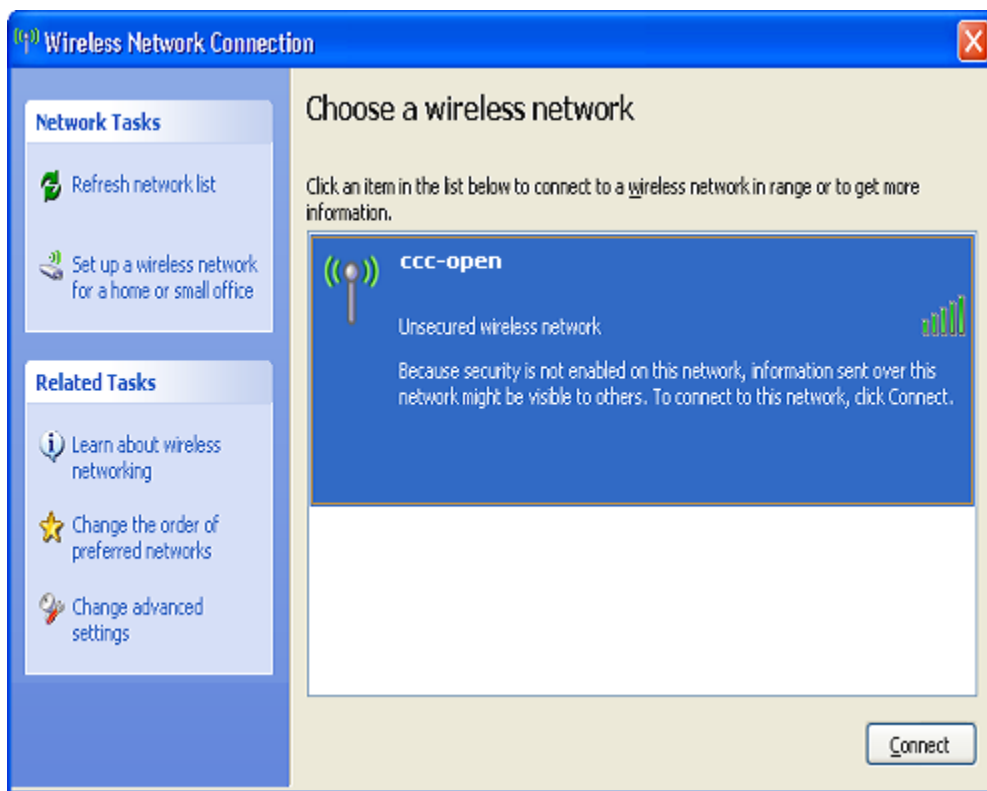

Updated 01/24/2011

To connect to the wireless internet access at CCC Fulton campus with your laptop computer, follow these 3 steps:

- 1) Double-click the “wireless network” icon in the bottom-right corner of the screen.

- 2) Select the wireless network named “ccc open” and click the “Connect” button.

- 3) If another window titled “Set Network Location” pops up with the options “Home,” “Work” and “Public Location,” select the one labeled “**Public Location**”

You should now be connected to the wireless internet connection.
