4.0 REPORTS

4.1 President’s Report

4.1.1 President: Dr. Durant stated that the spring semester is just underway and highlighted the following items:

- Dr. Durant gave an update on the Governor’s Excelsior Scholarship Program. The program focuses on affordability and will be meant to bridge the gap between TAP/PELL and other scholarship programs. We are still gathering information. We will do an impact study for our own CCC demographic.
- The Executive budget included $0 increase in state aid. SUNY Community College Presidents will be advocating for the same funding as last year - level funding regardless of enrollment. We are hoping to present an important advocacy message in February. Dr. Van Buskirk will be asking the Trustees to advocate, as well.
- The Facilities Master Plan is being evaluated to determine if professional assistance is needed to take it to the next stage of implementation, given all the improvements and changes that have been made to the campus since its original writing. We need to take a longer range view of what the College needs and what it will look like.
4.1.2 Provost and Vice-President for Academic Affairs:

- The fall newsletter from Steve Keeler was distributed. It was sent to high schools and guidance counselors.
- Discussion took place about program development. Dental hygienist, dental assistant, cartographers, wind turbine maintenance, graphic design, cyber security, and chemical dependency counseling were all mentioned as possible options. Dr. Durant stated that we need to go down both paths and balance what programs create employable students and which programs are attractive to students. We’ll be looking at all the data with the division chairs.

4.1.3 Vice-President for Administration: Dr. DoBell highlighted his report and noted that:

- We are finalizing the audit and the auditors will be in on February 9th for an exit conference.
- The budget development process has begun.
- Dr. Van Buskirk asked if there have been any noticeable benefits from the SmartEdge contract yet. Dr. DoBell will look into it.

4.1.4 Vice-President for Student Affairs: VP Rosenthal highlighted the following items:

- Feeling fairly good about spring FTE numbers. We’re also looking for an increase in spring Cayuga Advantage numbers.
- When comparing year-to-year, applications from Cayuga County are up 21%, 18% from Oswego County, and double from Seneca County. We’ll be looking next to see if these increases provide comparable increases in our yield rate.
- Dr. Durant stated that we will provide data about how often we get out to promote CCC. Further discussion took place.
- Trustees were shown the new commercials.

4.1.5 Student Trustee: Ms. Johnson provided the following summary:

- 45 students attended orientation
- SGO Treasurer’s position is vacant.
- Blood drive is scheduled for mid-February

4.1.6 CCC Foundation: Mr. Cosentino provided the following updates:

- Attended the Chief Advancement Officer event last week in Albany to discuss fundraising and capital campaigns.
- The Presidential Scholars luncheon is February 10; invitations will go out next week.
